

Listed Raintight EMT Fittings **with Exclusive InspectoRidge™ External Inspection Aid**

InspectoRidge™

Ridge on external surface provides visual identification as Raintight - takes the guesswork out of inspection

Don't be surprised when the inspector says "thanks" when you use ETP® Raintight EMT Couplings & Connectors. Their exclusive

InspectoRidge™ lets an inspector immediately determine that an installation is up to code. It makes his job — and yours — a lot easier. ETP Raintight EMT Products: *Preferred by electricians. Loved by inspectors.* For information call 800-621-1506. Or e-mail etp@egseg.com.
