Cable management panel with front flap – DK 5502.235

created: 25.05.2018 build on www.rittal.com/us-en

Product description

Description: The cable routing compartment is provided with cut-outs at the top, and the patch cables can be inserted here. The cable management panel is fitted with a flap and quick-release fasteners at the front, for optimum cable access. Cables can be fed in from the rear through the cut-out with brush strips.

Material: Carbon steel

Color: RAL 9005
