

# K15091-G - 1 1/2" 90° Liquidtight Connector Insulated Grounding Lug

By Killark  
Catalog # [K15091-G](#)

1 1/2" 90° Liquidtight Connector Insulated Grounding Lug

## Features

- Lay-in grounding lug
- Plated steel for excellent durability
- Insulated throat fittings protect conductors from insulation damage

## Specifications

|                          |                                                                                                                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hazardous Rating(s)      | Suitable for use in hazardous location applications when installed according to NEC Articles 501.10(B) (Class I, Division 2) or 502.10(A)(B) (Class II, Divisions 1 & 2) and 505.15(C) (Class I Zone 2). |
| EU RoHS Indicator        | Contact Manufacturer                                                                                                                                                                                     |
