

LUBT-2 - 2oz.Thread Lubricant

By Killark
Catalog # LUBT-2

2oz.Thread Lubricant

Features

- Used to prevent galling of pipe threads when threaded into a coupling, junction box, etc.
- Insure a quick release of undamaged male and female threads when parts are disassembled
- High-quality lubricant to be used in temperatures ranging from -40° to +500°F.
- Recommended to be used on hazardous location lighting fixtures.

Application

Used to prevent galling of pipe threads when threaded into a coupling, junction box, etc. The thread lubricant ensures a quick release of undamaged male and female threads when parts are disassembled.
