

Product End of Life Instructions

QO 10KA 5MA GFCI 30A 2P PoN

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Liquid and pasty substances	7.7592	PCBA - 1
To be depolluted	1	Cable (high current)	7.7592	PCBA - 1
To be depolluted	1	Capacitors	7.7592	PCBA - 1

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Square D
Product function	Class A Ground Fault protection has 5mA leakage current threshold that is considered people protection. The circuit breaker is HF (High Frequency) Rated which is designed for power conversion equipment including variable speed drives or power inverters. The miniature circuit breaker also provides thermal and short circuit protection.
Product reference	QO230PGF
Total representative product mass	330 g
Representative product dimensions	91.44mm x 106.68mm x 38.1mm
Date of information release	10-2025

Additional information

Legal information	<p>This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.</p>
In case of special transportation: transportation method	<p>No</p>
Recyclability potential	<p>41% The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECYLAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).</p>
