

Product End-of-Life Instructions

Metallic Safety Interlock Switch

Product Range

Metallic Safety Interlock Switch

Marketing Model

XCSLF, XCSE Metallic Safety Interlock Switches

Size in mm (or m):

L x D x H: 43 x 50 x 205

Weight (excluding packaging) in kg (or g):

1180 g

Telemecanique

Sensors

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy:

Reuse ⇒ Depollution ⇒ Dismantling ⇒ Shredding

The components of the products that are recommended to be separated from the flow of waste for special treatment are listed, identified and located hereunder.

Types of Components	Number on drawing	Components description	Weight (g)	Comment
Special treatment	1	Printed Circuit Boards	35	The weight of the printed circuit boards depends on the commercial reference. Dismantle them and send them for special treatments
