

RockStar® Housings IP66 / NEMA Type 4X

RockStar® Housings IP66 / NEMA Type 4X	Introduction	E.2
	RockStar® Housings IP66 / NEMA Type 4X	E.4
	Size 1 - 12	

RockStar® Housings IP66 / NEMA Type 4X

Where something extra comes as standard. The high quality workmanship of RockStar® IP66 housings begins with the material from which all interlock mechanisms are made: stainless steel. It guarantees a long lifespan with high resistance to corrosion and impact. For the die-cast aluminium variants, a high-quality, multi-stage surface sealing provides years of safety and reliability – even under the most extreme conditions. With just one housing series, Weidmüller delivers the proper protective solution for your heavy-duty connector – so your choice is simple.

Other standard extras:

- A patented spring system provides a secure interlock and easier handling.
- Integrated threads: your choice of cable glands
- Integrated insulation strips: for worry-free transmission of higher voltages

RockStar® IP66 housings are available in 12 sizes and can be combined with all fixed-pole and modular inserts.

Sturdy

Stainless steel interlock systems and multi-stage surface sealing results in high durability.

**Reliable**

Guaranteed protection against jets of water, corrosion, ice and rain, according to IEC 60529 and UL.

**Practical**

Laser labelling for permanent identification and faster allocation.
